8:00am–4:30pm PST

NextFlex Technology Hub
2244 Blach Place
Suite 150
San Jose, CA 95131

Discover the Defense Patent Holiday at our upcoming industry-focused session, where the Department of War (DoW) is offering a set of its laboratories' patents for fee-free commercial evaluation licenses (CEL). This event is designed to help industry partners acquire, test, and scale advanced technologies, focusing on the following key areas:

- **Defense Patent Holiday & CEL:** Learn how your company can leverage fee-free Commercial Evaluation Licenses to assess and validate high-value DoW lab innovations for commercial market potential.
- **DoW Support Systems:** Discover additional DoW resources, programs, and technical alignment strategies designed to support commercial evaluation licensees during the evaluation phase.
- **NextFlex Prototyping & Scaling:** Understand how to utilize the NextFlex Advanced Manufacturing Facility to accelerate your prototyping and manufacturing scale-up efforts.
